SUSTAINABLE ENERGY AUDIT of Inchicore

Campus & Parish of Inchicore is being undertaken with the collaboration of the Oblates and the SEAI (*Sustainable Energy Authority of Ireland*). Over the next couple of weeks, members of the parish will undertake a door to door survey of five to ten homes on each street in the

neighbourhood asking information on your energy consumption, type of fuel you use in your home and if you have had any energy saving measures put into your home. Five homes (as local housing examples) have been chosen for an in depth audit to assess current energy consumption and to look at recommendations to improve energy consumption and efficiency. This will benefit all of us in the community, providing possible ways in which to reduce energy costs and become more conscious of our personal and communal role in reducing carbon footprint and becoming more sustainable in our energy use. If you would like to undertake the survey please visit our parish website www.oblateparishinchicore.ie and download the form and return it via email or drop it into the parish office post box. **Email:** ic@oblates.ie

FIFTH SUNDAY OF LENT

3rd April 2022

EMBRACED IN THE MERCY OF GOD

The Gospel for this Sunday draws us to witness to the mercy of God played out in the scene composed of a woman accused of committing a sin, a rowdy crowd eager to stone her to death and Jesus, as the one asked to pass judgement on her. Jesus transforms the situation. He draws the attention of each person to look into their own lives and recognise that sin has been part of all our lives. But even more, Jesus draws us further, he invites each one to look upon our inner condition with compassion, with mercy, confident in the tender faithfulness of God.
